CLEANLY WOMAN.

**Erroneously Thinks by Scouring Her Scalp That She Cures Dandruff.**

Cleanly woman has an erroneous idea that by scouring the scalp, which removes the dandruff scales, she is curing the dandruff. She may wash her scalp every day, and yet have dandruff her life long, accompanied by falling hair. The only way in the world to cure dandruff is to kill the dandruff germ, and there is no hair preparation that will do that but Newbro's Herpicide. Herpicide by killing the dandruff germ, leaves the hair free to grow as healthy nature intended. Destroy the cause you remove the effect. Kill the dandruff germ with Herpicide. **FOUL PLAY FEARED**

Contractor After Quarrel With a Stranger Disappears.

**HAD DISCHARGED WORKMAN**

Unknown Man Telephones That Body Would Be Found in the River—Suspected Party Supposed to Be a Labor Agent.

Chicago, Aug. 18.—R. H. Davidson, a building contractor, is missing from his home and friends and relatives think he has met with foul play at the hands of union labor slugging gangs. He had discharged a number of bricklayers. Davidson, who was superintendent of construction of a new building at Rockwell and Thirty-seventh street, received a call from a man who is supposed to have been a union business agent. That was several days ago. The interview between the contractor and the stranger ended in a violent quarrel in which Davidson knocked his caller down. Two days later Davidson left his work at usual at 5 o'clock, but did not reach his residence. The next day an unknown person called up Frank Adams on the telephone and said: "You will find your man Davidson in the river."

Since that telephonic communication no word has been heard from Davidson or about him.

**PROMINENT MINING MAN LOSES SIGHT**

Best Known on Coast as Developer of Famous Utica Mine.

Seattle, Wash., Aug. 18.—In a letter to a friend in this city, received yesterday the wife of Charles D. Lane writes that her husband, one of the best known mining men in California and who as president of the Wild Goose Mining company has done more than any one man towards the development of the Nome region, is totally blind. Mrs. Lane will bring her husband out on the next trip of the Oregon.

Mr. Lane last spring disposed of his interests in the Wild Goose company to San Francisco interests and returned to Nome for the purpose of developing some of his individual properties. He has been in failing health for more than a year and complained greatly of his eyes when in the city in June enroute north.

Mr. Lane is best known on the Pacific coast through his development of the famous Utica mine, which for years was one of the largest dividend payers in the west. His undertakings in Nome were of colossal nature and almost always universally successful. He had endeared himself to hundreds of miners and prospectors in the north by his many acts of generosity, and it is said that no man in the territory ever appealed to him in vain for aid to either get out of the country or for assistance in eking out an existence inside.

**TWO SUITS FILED TO RECOVER SHARES**

Thomas W. Lawson Defendant in Suit to Recover Money and Stock.

Boston, Aug. 18.—Two suits, one at law, and the other in equity, have been filed by the banking firm of Paine, Weber & company in connection with an alleged transaction involving 70,000 shares of copper range stock which caused a flurry in the Boston stock market recently. Both suits are against A. C. Burrage with whom other defendants are joined in the second suit. The first is to recover the balance due alleged to be \$548,000 or an indebtedness of the Tri Mountain Copper Mining company. The second asks the restoration of 70,000 shares of copper range, which are alleged to have been wrongfully sold by Burrage.

The petitioner claims that Burrage in violation of a trust agreement, permitted of the 70,000 shares to be traded in open market.

The suit concerning Copper Range is directed against several Boston banking and brokerage houses, as well as against Mr. Burrage. Thomas W. Lawson is among the defendants. It is charged against Mr. Burrage that he "fraudulently and unlawfully abstracted and converted" the property.

**GERMANS COMING**

Commission Will Investigate Western Methods of Farming.

Germany Are Being Settled on Land by the Commission in Order to Increase German Influence in Prussian Poland—Will Visit United States.

**THE POLICY OF THE KAISER**

Prosenia, Prussia, Aug. 18.—Several members of the royal settlements commission have been ordered to visit the United States for the purpose of studying Western farm management and conditions. This commission is engaged in buying lands owned by peasants and settling Germans on them so as to increase German influence in the provinces of Prussian Poland.

A credit to the extent of \$25,000,000 was given the commission in 1886. This was increased to \$50,000,000 in 1888 and to \$87,500,000 in 1902 and it will probably be still further increased.

Dr. Hugenberg of the ministry of finance will accompany the commissioners, who will sail for New York August 22.

**DELIBERATE MISREPRESENTATION**

Louisville & Nashville Official So Brands Statement of Commission.

Louisville, Ky., Aug. 18.—Replying to the charges made by Railroad Commissioner Burr at the Deadwood convention, Second Vice-President Walker D. Hiles of the Louisville & Nashville road, said:

"Mr. Burr's statement is simply a deliberate misrepresentation. No one contends that it is proper to assess for taxation a very unremunerative property at what it would cost to reproduce it. We did claim, and the bill so stated for the purpose of testing the railroad commission's rate, the cost of reproduction was the proper value. The two values were necessarily on very different basis, and there was no inconsistency between them."

**DAYS OF DIZZINESS.**

Come to Hundreds of Astoria People.

There are days of dizziness, Spells of headache, sideache, backache, Sometimes rheumatic pains, Often urinary disorders. All tell you plainly the kidneys are sick. Doan's Kidney Pills cure all kidney ills. J. Carson, employed at the Portland Lumber company, foot of Lincoln street, who resides at 366 First street, Portland, Ore., says: "I was feeling miserable with a depressing lameness around the small of my back all last summer. At first I did not pay much attention to it, but it continued to grow worse and finally became so bad that I thought I would have to lay off work. To bend or move quickly caused severe twinges. I was often attacked with dizzy spells, specks appeared before my eyes and I had no ambition or energy. In the morning I arose as tired as when I went to bed. In fact, I had all the symptoms of a very severe case of kidney trouble. When I was suffering the worst I read about Doan's Kidney Pills and procured a box. I soon noticed an improvement in my condition, and the pain and aching across my back soon disappeared. About six weeks ago I was laid up with a siege of the grip for two weeks. Symptoms of kidney complaint made their appearance again and I resorted to Doan's Kidney Pills a second time. They just as thoroughly freed me of the trouble as in the former case. I cannot express what a change they have made in me. I simply feel like a different person."

Plenty more proof like this from Astoria people. Call at Chas. Rogers' drug store and ask what his customers report.

Talk about snakes, you ought to see the latest one on the boulevard regatta week.
